

WEEK OF PRAYER

SUNDAY

Thank you for praying for SAM Academy and the beautiful missionary families we serve in Pucallpa! Pray that we may serve these missionaries well by providing a solid educational foundation for their children so they are able to focus on their work. Let's also pray that our school always stays focused on loving the Lord and sharing His love.

MONDAY

Pray for our students' families who bring Christ to the lost in Peru and serve the Peruvian people. This year, we serve families connected to South America Mission, Pioneers, IMB, Ethnos 360, Mision Suiza plus independent and national missionaries. These ministries have diverse roles but share the common goal of sharing God's Word in remote areas of Peru and discipling His people to carry it forward.

TUESDAY

Pray for our administrator, Mike Brown, and our principal, Bill Carrera, as they seek to lead our school through a successful year. They both teach full class loads as well as guide our school administratively. Pray they have times of rest and regular time in the Word. Pray for wisdom and support to lead our school well.

WEDNESDAY

Pray for creativity, energy, and flexibility for our teachers, many of whom have separate ministries on the side, as they navigate whatever the year ahead brings. Please pray for these wonderful people by name, that God may fill their hearts with His Word and speak wisdom and love through them to our student body. This year's teachers are Mike and Marcy Brown, Bill Carrera, Cristy van Oosten, Krista Hetzel, Cristina Thomas, Crystal Murphree, Robert Busenitz, Minori Lucas, Silvia Shapiama, and Nayelly Tenazoa.

THURSDAY

Pray that our school is intentional in shining a light in our community. Lift up our specific outreaches, such as the Christmas Outreach with the elderly, ministry trips to river communities, and connections with local schools, Hosanna and TEC. Also, pray for God to present us with new opportunities. Pray our kids may know no borders in their friendships and relationships.

FRIDAY

Ask God to protect our students and families, covering them in health and safety. Sicknesses thrive in the jungle, roads are known for their crazy driving situations, and life here just has an extra element of uncertainty. Pray that our students and their families will know peace and safety this coming school year.

SATURDAY

Ask that our students may grow and thrive academically this school year. Pray even more that each may know Jesus as their Savior. Pray with us that wherever their paths lead, each of our students will make a difference in the world because of their love for Christ.
